## BUILDING COMMUNITY CONNECTIONS COMMUNITY GIVING FOUNDATION: DANVILLE

In 1999, the Danville Area Community Foundation was founded to benefit community residents through the stewardship of charitable gifts. Serving as a philanthropic resource for local individuals, families, and businesses, the group set out to support a wide variety of interests and causes for the betterment of the Danville area. In 2013, while maintaining its own unique identity, the Foundation affiliated with the Central Susquehanna Community Foundation (now Community Giving Foundation) to support its grantmaking, development, and community awareness.

Many people support the Foundation as a way of saying “thank you” to the community where they live, work, or play. Others see it as a way to ensure the future of their community. In 2007, Danville’s board extended their personal commitments to the residents and organizations in their community by establishing the Neighbors Helping Neighbors Fund through their own individual donations. Many years later, this unrestricted fund continues to serve as an avenue for everyone to participate in community giving together. More than \$150,000 has been granted from the fund to support current pressing and unmet needs in Danville.

Today, Community Giving Foundation: Danville continues to assist and encourage donors of all levels to achieve their diverse philanthropic interests while providing a legacy that will serve the community for present and future generations. In 2022, Danville’s 98 charitable funds granted over \$190,000 to local nonprofit organizations and awarded over \$90,000 in scholarships to area students. Both historic and new connections are growing meaningful impact for the Danville area together.

For a list of charitable funds under Danville, local giving stories, and grants/scholarships awarded in 2022, visit [csgiving.org/annualreport](http://csgiving.org/annualreport).
